OPS-1

s.15(1)

Effective Date: 1 December 2010

1. OVERVIEW

1.1 Scope

This policy establishes baseline measures to protect the privacy of Canadians in the use and retention of intercepted information and ensure compliance of CSEC activities with the relevant laws of Canada, including Part V.1 of the *National Defence Act* (NDA). Detailed requirements are found in activity-specific policy instruments.

FYI: With respect to CSEC's legislated mandate under paragraph 273.64(1)(c) of the NDA (Mandate C), this policy only address CSEC support to section 16 of the *CSIS Act*. See paragraph 1.9.

This document supersedes OPS-1, *Protecting the Privacy of Canadians and Ensuring Legal Compliance in the Conduct of CSEC Activities*, dated 11 March 2010, which should be destroyed.

1.2 Policy

CSEC must:

- act in strict compliance with all relevant laws of Canada including the NDA, the *CSIS Act*, the *Charter of Rights and Freedoms*, the *Privacy Act*, the *Criminal Code* and the *Financial Administration Act*, and
 - only undertake activities that are within its mandate, consistent with ministerial direction and, if an authorization is required under section 273.65 of the NDA, consistent with the authorization (section 273.66 of the NDA).
-

1.3 Application

This policy applies to CSEC staff and any other parties who conduct activities under CSEC authorities, including secondees, and contractors.

SECRET//COMINT
OPS-1
Effective Date: 1 December 2010

Legal Authorities

1.4 CSEC's Mandate

CSEC is mandated to:

- a) acquire and use information from the global information infrastructure (GII) for the purpose of providing foreign intelligence, in accordance with Government of Canada (GC) intelligence priorities;
- b) provide advice, guidance and services, to help ensure the protection of electronic information and of information infrastructures of importance to the GC; and
- c) provide technical and operational assistance to federal law enforcement and security agencies in the performance of their lawful duties.

These are commonly referred to as Mandate A, Mandate B, and Mandate C, respectively.

1.5 Mandate Limitations

In respect of Mandates A and B, the activities undertaken by CSEC must:

- not be directed at Canadians or any person in Canada, and
- be subject to measures to protect the privacy of Canadians in the use and retention of intercepted information.

In respect of Mandate C, the activities carried out by CSEC are subject to any limitations imposed by law on assisting federal law enforcement and security agencies in the performance of their duties.

1.6 Authority to Intercept Private Communications

SIGINT: The interception of private communications for the purpose of providing foreign intelligence must only be conducted under the provisions of either:

- subsection 273.65(1) of the NDA (with a Ministerial Authorization (MA)), which authorizes CSEC to intercept private communications for the sole purpose of providing foreign intelligence in accordance with the GC's intelligence priorities
- sections 12 and 16 of the *CSIS Act* (with a judicial warrant), or
- any other lawful (that is, judicial) authority that supports a law enforcement or security agency's request for Mandate C assistance.

IT Security: Subsection 273.65(3) of the NDA authorizes CSEC to obtain an MA to intercept private communications for the sole purpose of protecting computer systems or networks of the GC from mischief, unauthorized use or interference, in the circumstances specified in paragraph 184(2)(c) of the *Criminal Code*

1.7 MA Requirements

SIGINT and IT Security activities conducted under an MA must satisfy conditions stated in subsections 273.65(2) and (4) of the NDA, respectively (conditions are addressed at the time a new MA is requested), and may also be subject to additional measures that the Minister considers advisable to protect the privacy of Canadians, pursuant to subsection 273.65(5) of the NDA.

1.8 Cyber Defence Activities Without an MA

IT Security may conduct cyber defence activities without an MA.

For cyber defence activities without an MA, CSEC relies on owners of computer systems or networks ("system owners") to acquire data from their systems, including private communications, which is related to a perceived cyber incident. System owners provide this data and other information, directly or indirectly, to CSEC for further analysis.

Legal Provisions for the Acquisition of Private Communications by System Owners

Paragraph 184(2)(e) of the *Criminal Code* provides an exemption from criminal liability for persons who perform duties related to the management or protection of computer systems (that is, system owners) who may acquire private communications if the acquisition is necessary for such purposes.

Under section 161 of the *Financial Administration Act* (FAA), those responsible for managing or protecting GC computer systems or networks are authorized to take measures, including acquiring private communications, if the acquisition is necessary for such purposes.

Legal Provisions for the Disclosure of Private Communications to CSEC

According to section 193 of the *Criminal Code*, a system owner may disclose to CSEC all or part of a private communication, but only if the disclosure is necessary for the protection or management of the owner's computer systems. This restricts CSEC's ability to share this data with others.

Note: Section 193 of the *Criminal Code* allows any person to disclose a private communication to CSIS or the RCMP to allow those departments to fulfill their respective mandates. This means that CSEC, with the system owner's consent, may lawfully share such communications with CSIS or the RCMP.

Another method to lawfully disclose private communications involves the express and informed consent of the originator, or recipient, of a private communication. That is, if either party to the communication voluntarily discloses the communication to CSEC, CSEC may use and retain this communication in accordance with the given consent.

**1.9 Assistance
to Law
Enforcement
and Security
Agencies**

With respect to CSEC's legislated mandate under paragraph 273.64(1)(c) of the NDA (Mandate C), this policy only addresses section 16 of the *CSIS Act*. For direction on other aspects of Mandate C, including the provision of technical and operational assistance to federal law enforcement and security agencies, the following offices must be consulted:

- Cyber Defence Support Office (CDSO) - for IT Security-related requests, or
- Director, SIGINT
- for SIGINT-related requests.

These offices will in turn engage Operational Policy as necessary.

2. SIGINT AUTHORITIES AND TARGETING

Authority to Intercept – NDA, paragraph 273.64 (1)(a) (MANDATE A)

2.1 Context

Pursuant to its mandate under sub-section 273.64(1) of the NDA, CSEC requires explicit authorities as outlined below.

2.2 Authority for Foreign Intelligence Interception

CSEC's legislated mandate under paragraph 273.64(1)(a) of the NDA provides the authority to acquire and use information for the purpose of providing foreign intelligence in accordance with GC intelligence priorities, provided that CSEC's activities shall not be directed at Canadians or any person in Canada and shall be subject to measures to protect the privacy of Canadians in the use and retention of intercepted information.

This activity, also authorized under paragraph 273.64(1)(a) of the NDA, does not require an MA and is conducted in accordance with the *Ministerial Directive*

2.3 Conditions and Criteria for Foreign Intelligence MA and Approval Process

Pursuant to sub-section 273.65(1) of the NDA, the Minister of National Defence ("the Minister") may, for the sole purpose of obtaining foreign intelligence, authorize CSEC in writing to intercept private communications in relation to an activity or class of activities specified in the MA.

According to sub-section 273.65(2) of the NDA, the Minister may only issue an MA for foreign intelligence interception if satisfied that:

**2.3 Conditions
and Criteria for
Foreign
Intelligence MA
and Approval
Process
(continued)**

- a) the interception will be directed at foreign entities located outside Canada
- b) the information could not reasonably be obtained by other means
- c) the expected foreign intelligence value of the information that would be derived from the interception justifies it, and
- d) satisfactory measures are in place to protect the privacy of Canadians and those measures ensure that private communications will only be used or retained if they are essential to international affairs, defence or security.

CSEC provides information as part of the documentation required for the MA approval process to satisfy the Minister that these conditions are met.

The MA would also contain any conditions that the Minister considers advisable for the purpose of protecting the privacy of Canadians, including additional measures to restrict the use and retention of, the access to, and the form and manner of disclosure of, information derived from the private communications. The MA would be in force for a period no longer than one year. (NDA, sub-section 273.68(1))

**2.4 Process for
Obtaining MAs

Authority to Intercept – Section 16 of the *CSIS Act* (MANDATE C)

2.10 Authority Section 16 of the *CSIS Act* authorizes CSIS to collect within Canada information or intelligence relating to the capabilities, intentions or activities of foreign states, persons or corporations. This collection, which must relate to Canada's international affairs or defence,

and following Federal Court authorization.

In accordance with the *CSIS Act* and the *CSE-CSIS Section 16 MOU*, CSEC acts as a cooperating agency, providing CSIS with operational support in the form of technical or personnel assistance for the collection and processing of information acquired pursuant to a federal judicial warrant.

3.1 General

CSEC has adopted measures to protect the privacy of Canadians in the use, retention and dissemination of intercepted information. The use, retention and dissemination of:

- private communications
- communications of Canadians located outside Canada, or
- information about Canadians

will be strictly controlled as outlined below.

3.2 *Privacy Act* and Personal Information

Any personal information, including that of non-Canadians, is subject to the use and retention conditions set out in this policy and to the *Privacy Act* right to access and exemption provisions. (See Annex 1 for a definition of personal information.)

If any personal information has been used for an administrative purpose (decision-making process directly affecting an individual), then the *Privacy Act* requires that the personal information be retained for two years.

3.3 Criteria for Use and Retention of Intercept (Mandate A)

All intercept to be used in the production of SIGINT reports (acquired through CSEC SIGINT collection) must be clearly related to GC intelligence priorities.

s.21(1)(b)

For information collected pursuant to section 16 of the *CSIS Act*, CSEC must comply with the condition common to all section 16 warrants related to protecting the privacy of Canadians. It states that “information about Canadians” must be destroyed unless it:

- relates to activities which would constitute a threat to the security of Canada as defined in section 2 of the *Act*
- could be used in the prevention, investigation or prosecution of an alleged indictable offence, or
-

Other Warrant Conditions

In considering section 16 warrants, the Federal Court judge may impose additional conditions as deemed necessary. CSEC must comply with these conditions.

must be securely stored. Hard copies of such intercept must be kept to a minimum and must be stored in a locked container when not in use;

3.16 Retention Period for CSEC Collection

CSEC may retain foreign intelligence reports indefinitely. For information about traffic retention, see OPS-1-11, *Retention Schedules for SIGINT Data*.

3.17 Retention Period for Section 16 Material

CSEC and CSIS have agreed to destruction procedures for warranted intercept pursuant to warrant conditions. For more information, see OPS-1-11. For retention and handling of Section 16 material, see paragraph 3.8.

4. IT SECURITY

Protecting the Privacy of Canadians in Activities carried out under “Mandate B”

4.1 Context

The following measures are intended to protect the privacy of Canadians in the conduct of CSEC IT Security cyber defence activities, as required by

- sub-section 273.64(2) of the NDA, and
- the *Ministerial Directive on the Privacy of Canadians*, June 2001, and
- any relevant MA in force.

Cyber defence activities conducted under an MA are limited to computer systems and networks owned or operated on behalf of a federal institution.

Further measures to protect the privacy of Canadians are contained in relevant activity-specific policy instruments.

4.2 Precondition: Consent

Before conducting cyber defence activities on a federal institution’s computer systems or networks, with or without an MA, CSEC requires that institution’s consent (or for non MA activities, be satisfied that the system owner has given consent if the requesting federal institution is an intermediary).

4.3 Requirement for a Ministerial Authorization

An MA must be in force prior to the start of, and throughout, any cyber defence activity that may involve CSEC interception of a private communication.

Proposed new methods, or changes to existing non-MA methods that may result in that method intercepting a private communication, must undergo an MA requirement determination by CDSO (in consultations with DLS, as required).

4.4 Annual Confirmation

Persons conducting cyber defence activities must confirm yearly that they have read and understood this policy, as well as relevant legal authorities and policy instruments related to their specific cyber defence activities.

Private Communications, including those

- intercepted under MA, and
- intercepted and disclosed under a system owner's authority (or any reference to the existence of that private communication), and

Information about Canadians, which includes

- any personal information about a Canadian, or
 - any information about a Canadian corporation.

**4.12 Retention
Schedules**

Retention and disposition schedules for data and other information must be established for each cyber defence activity, in accordance with:

- The *Library and Archives of Canada Act*
- MAs (for those activities requiring an MA), and
- MoUs or other formal agreements with federal institutions.

**4.13 Release

4.14 Reports Having Multiple Sources

Reports containing information obtained under different authorities (for example, cyber defence activities under MA, as well as activities without an MA) are subject to dissemination restrictions detailed in activity-specific policy instruments, as well as the release levels noted in the following paragraphs.

If the release levels (and recommendation levels) are different for each source (for example, due to the presence of [redacted] or [redacted] in one of the sources), the higher level must sign.

4.15 Report Release Authorities

The following table sets out report release levels for dissemination of cyber defence reports beyond CSEC. See activity-specific policy instruments for guidance on access to cyber defence reports within CSEC.

6. REVIEW

6.1 Review

CSEC activities, including relevant policies and procedures, are subject to internal monitoring for policy compliance, audit and review by various government review bodies, including, but not limited to, the Office of the CSE Commissioner and the Privacy Commissioner.

6.2 CSE Commissioner

Pursuant to section 273.63 of the NDA, the CSE Commissioner plays a key role in providing independent review of CSEC activities. The Commissioner's mandate is to:

- review CSEC activities to ensure that they are lawful, including a review of CSEC activities conducted under MAs
- carry out investigations where necessary in response to a complaint
- report annually to the Minister, and
- inform the Minister and the Attorney General of Canada of any CSEC activity that the Commissioner believes may not be in compliance with the law.

In pursuing his/her mandate, the CSE Commissioner shall have full access to all CSEC staff, documentation (except for Cabinet documents) and materials. CSEC staff is obliged to cooperate fully with the CSE Commissioner and his staff. However, any requests for copies of legal opinions require prior consultation with DLS given the solicitor-client privilege.

6.3 External Review: Information Requirements

CSEC staff must ensure that all relevant information and documentation is entered into corporate systems of record (for example, CERRID,). When information is requested by external reviewers, CSEC is better placed to demonstrate evidence of its legal and policy compliance when it is able to retrieve and make available records that:

- demonstrate compliance with authorities and any associated conditions or constraints (for example, legal, MD, MA, policy, etc.) that could have lawfulness or privacy implications
 - record management decisions and rationales, especially those related to operations, legal, and policy

8. DEFINITIONS

8.1 Canadian

“Canadian” refers to

- a) a Canadian citizen, or
- b) a person who has acquired the status of permanent resident under the *Immigration and Refugee Protection Act* and who has not subsequently lost that status under that *Act*, or
- c) a corporation incorporated under an Act of Parliament or of the legislature of a province.

(NDA, section 273.61)

For the purposes of this policy, “Canadian organizations” are also accorded the same protection as Canadian citizens and corporations.

A Canadian organization is an unincorporated association, such as a political party, a religious group, or an unincorporated business headquartered in Canada.

Ministerial
Authorization
(MA)**

An MA is an authorization provided in writing by the Minister of National Defence (the Minister) to CSEC to ensure that CSEC is not in contravention of the law if, in the process of conducting its foreign intelligence or IT security operations, it should intercept private communications. MAs may be granted in relation to an activity or class of activities specified in the authorization pursuant to

- sub-section 273.65(1) of the NDA for the sole purpose of obtaining foreign intelligence, or
- sub-section 273.65(3) of the NDA for the sole purpose of protecting the computer systems or networks of the GC.

When such an authorization is in force, Part VI of the *Criminal Code* does not apply in relation to an interception of a private communication, or in relation to a communication so intercepted.

1. Introduction

Policy Scope and Application

- 1.1 Scope** CSEC can conduct activities under:
- paragraph 273.64(1)(a) of the *National Defence Act* (NDA) to acquire and provide foreign intelligence in accordance with Government of Canada (GC) intelligence priorities ("Mandate A"), or
 - paragraph 273.64(1)(c) of the NDA to support federal law enforcement and security agencies (LESAs) in the performance of their lawful duties ("Mandate C").

These procedures govern CSEC's activities conducted under both Mandate A and Mandate C. This document supersedes OPS-3-1, *Procedures for Activities*, dated 23 December 2009, which should be destroyed.

- 1.2 Objective** The purpose of these procedures is to:
- outline measures to ensure legal compliance and protect the privacy of Canadians in the conduct of activities
 - set out the approval processes for conducting the various levels of activity
 - set out the accountability trail for these activities
 - provide direction to personnel regarding the handling of data, and
 - document the activities authorized
-

- 1.3 Policy** Mandate A activities must:
- comply with all relevant laws of Canada, including the *Charter of Rights and Freedoms*, the *Privacy Act*, the *Criminal Code* and the NDA
 - comply with the *Ministerial Authorization [MA] on Activities* in force
 - comply with all relevant Ministerial Directives, including the *Ministerial Directive on the Privacy of Canadians*, the *Ministerial Directive on the the Ministerial Directive on the*

and the *Ministerial Directive on CSE's Accountability Framework*

-
-
- comply with all relevant policies and procedures
- be subject to measures to protect the privacy of Canadians, including those prescribed in OPS-1, *Protecting the Privacy of Canadians and Ensuring Legal Compliance in the Conduct of CSE Activities*, and
- be carried out only with the knowledge and approval of CSEC management.

Mandate C activities are subject to limitations imposed by law on the requesting agency.

1.4 Application

These procedures apply to:

- CSEC staff
- staff, and
- any other parties who conduct activities under the authorities listed in this chapter, including secondees, and contractors.

2. Mandate A: Legal and Policy Requirements

2.1 Protecting the Privacy of Canadians

In accordance with paragraphs 273.64(2)(a) and (b) of the NDA, the communications of Canadians located anywhere must not be targeted, and CSEC must have measures in place to protect the privacy of Canadians.

2.2 Targeting Conditions

All Mandate A activities must be directed at foreign entities (for example, a person, group or association) located outside Canada, and must be linked to GC intelligence priorities. That is, the purpose of these activities is to obtain information of foreign intelligence value to Canada.

**2.5 MA
Conditions and
Requirements**

In issuing an MA, the Minister of National Defence (“the Minister”) requires that the following conditions be met:

- the interception will be directed at foreign entities located outside Canada
 - the information cannot reasonably be obtained by other means
 - the expected foreign intelligence value of the information derived from the interception justifies it, and
 - satisfactory measures are in place to protect the privacy of Canadians and to ensure that private communications will only be used or retained
-

**2.6 Informing
the Minister**

Information Relating to Private Communications and Solicitor-Client Communications

CSEC must record the following information and send a report to the Minister,

Sharing Information

6.16 Reports **Mandate A**

All current CSEC reporting procedures apply to sharing reports based on Mandate A activities (subject to all dissemination control markings or sharing restrictions contained in specific operational plans).

Mandate C

The CSIS-CSEC Liaison Officer must approve the release of reports derived from collection obtained pursuant to Section 16 of the *CSIS Act*.

For all other reports based on operations conducted under Mandate C, CSEC must seek the approval of the agency to which it is providing support.

6.17 Data **Mandate A**

Traffic obtained from activities may be with the prior approval of the appropriate Managers in (that is, those Managers whose operations are directly supported by the activity).

Prior to providing the proposed must be satisfied that they are associated with:

- foreign entities located outside Canada, and
 - GC intelligence priorities.

8.4 Enquiries

Questions related to these procedures should be directed to Operational Managers, who in turn will contact Operational Policy staff when necessary.

8.5 Review

The CSEC program, including relevant policies and procedures, is subject to active monitoring (see OPS-1-8, *Active Monitoring of Operations to Ensure Legal Compliance and Protection of the Privacy of Canadians*), audit and review by various government review bodies, including, but not limited to, the CSEC Commissioner and the Privacy Commissioner.

8.6 Records Management

See ORG-2-2, *Procedures for Creation and Management of Corporate Files Related to CSE Activities Conducted Under a Ministerial Authorization* for information on the requirement to establish and maintain a separate corporate file for each activity or class of activities undertaken under the authority of an MA issued pursuant to subsection 273.65(1) of the NDA.

9. Definitions

- 9.1 Canadian** “Canadian” refers to
- a) a Canadian citizen, or
 - b) a person who has acquired the status of permanent resident under the *Immigration and Refugee Protection Act*, and who has not subsequently lost that status under that *Act*, or
 - c) a corporation incorporated under an Act of Parliament or of the legislature of a province.
- (NDA, section 273.61)

For the purpose of these procedures, “Canadian organizations” are also accorded the same protection as Canadian citizens and corporations.

A Canadian organization is an unincorporated association, such as a political party, a religious group, or an unincorporated business headquartered in Canada.

-
- 9.2 Data** Data is traffic and bulk unselected metadata, and unknown data acquired from the Global Information Infrastructure (GII).

-
- 9.3 Entity** Entity means a person, group, trust, partnership or fund or an unincorporated association or organization and includes a state or a political subdivision or agency of a state.

9.5 Foreign

In the context of the NDA and the *Canadian Security Intelligence Service Act (CSIS Act)*, “foreign” refers to non-Canadian.

9.6 Foreign Intelligence

Foreign intelligence is information or intelligence about the capabilities, intentions or activities of a foreign individual, state, organization or terrorist group, as they relate to international affairs, defence or security.

9.7 “In Canada”

In Canada refers to Canada’s territory, internal waters, territorial sea (i.e. up to the 12 nautical mile limit), and the associated airspace.

9.8 Information about Canadians

For the purpose of this document, information about Canadians has two meanings.

In the context of section 16 of the *CSIS Act*, “information about Canadians” is defined in warrants as information contained in any communication intercepted pursuant to the warrant, or information obtained that relates to a person who is a Canadian citizen, a permanent resident within the meaning of IRPA, or a corporation incorporated by or under an Act of Parliament or of the legislature of a province.

Each time it is referred to in this document in the Section 16 context, the term will appear in quotations as follows: “information about Canadians”.

In all other contexts, the term information about Canadians refers to:

- any personal information about a Canadian, or
 - any information about a Canadian corporation.

**9.12 Ministerial
Authorization
(MA)**

An MA is an authorization provided in writing by the Minister of National Defence (Minister) to CSEC to ensure that CSEC is not in contravention of the law if, in the process of conducting its foreign intelligence or IT security operations, it should intercept private communications. MAs may be granted in relation to an activity or class of activities specified in the authorization pursuant to

- subsection 273.65(1) of the NDA for the sole purpose of obtaining foreign intelligence, or
- subsection 273.65(3) of the NDA for the sole purpose of protecting the computer systems or networks of the GC.

When such an authorization is in force, Part VI of the *Criminal Code* does not apply in relation to an interception of a private communication, or in relation to a communication so intercepted.

**9.13 Personal
Information**

Personal Information means information that could be used to identify a person as defined in section 3 of the *Privacy Act*. For the definition of personal information, see Annex 2.

9.15 Private Communication

A private communication is “any oral communication, or any telecommunication, that is made by an originator who is in Canada or is intended by an originator to be received by a person who is in Canada and that is made under circumstances in which it is reasonable for the originator to expect that it will not be intercepted by any person other than the person intended by the originator to receive it, and includes any radio-based telephone communication that is treated electronically or otherwise for the purpose of preventing intelligible reception by any person other than the person intended by the originator to receive it”. (*Criminal Code*, section 183)

9.16 Seconded

A secondee is an individual who is temporarily moved from another GC or private organization to CSEC, and who at the end of the assignment returns to the originating organization.

9.19 Solicitor-Client Communication

For the purposes of these procedures, a solicitor-client communication means any communication that is directly related to the seeking, formulating or giving of legal advice or legal assistance between a client and a person authorized to practice as a lawyer or a notary in the province of Quebec or as a barrister or solicitor in any territory or other province of Canada, or any person employed in the office of such lawyer, notary, barrister or solicitor.

9.20 Target

To target (v.) means to single out for collection or interception purposes.

1. Introduction

Policy Scope and Application

1.1 Scope These procedures govern CSEC's activities carried out under paragraph 273.64(1)(a) of the *National Defence Act* (NDA) ("Mandate A"), which comprise:

-
-
-
-

FYI: These procedures address activities conducted under Mandate A only. For activities conducted under 273.64(1)(c) of the NDA (Mandate C), see OPS-4-1, *Procedures for CSE Support to Law Enforcement*, and OPS-4-2, *Procedures for Assisting CSIS Section 12 Activities*. For information on CSEC's activities, see OPS-3-1.

1.2 Objective The purpose of these procedures is to:

- document the approval processes for conducting these programs
- prescribe an accountability trail for these activities
- provide direction to those involved in these programs regarding the collection, use and retention of associated data acquired pursuant to Ministerial Directives (MDs) and Ministerial Authorizations (MAs), and

1.2 Objective
(continued)

- outline measures in place to protect the privacy of Canadians as required by:
 - paragraph 273.64(2)(b) of the NDA
 - the *Ministerial Directive on Privacy of Canadians* (June 2001), and
 - OPS-1, *Protecting the Privacy of Canadians and Ensuring Legal Compliance in the Conduct of CSE Activities*.
-

1.3 Policy

All CSEC SIGINT described herein, aimed at acquiring foreign intelligence, must:

- comply with the relevant laws of Canada, including the *Charter of Rights and Freedoms*, the *Privacy Act*, the *Criminal Code*, and the NDA
 - comply with all relevant MDs, including the
 - *Ministerial Directive on Privacy of Canadians*
 - *Ministerial Directive on the* (March 2005)
 - *Ministerial Directive on CSE's Accountability Framework* (June 2001), and
 - *Ministerial Directive*, (2004)
 - comply with the MA in force related to the specific activity or class of activities
 - comply with relevant policies and procedures
 - be directed against foreign entities located outside Canada and linked to Government of Canada (GC) intelligence priorities
 - be subject to measures to protect the privacy of Canadians in the use and retention of intercepted information, and
 - be carried out only with the knowledge and approval of CSEC management.
-

s.16(2)(c)

1.4 Application These procedures apply to CSEC and staff, secondees, contractors, and any other parties who are involved in, or make use of data from, any of the following programs conducted under the authorities noted in this chapter:

1.5 Previous Procedures These procedures supersede OPS-1-13, *Procedures for* dated 23 December 2008, which should be destroyed.

Legal Authorities

1.6 Authorities CSEC conducts activities under the authority of:

- Mandate A of the NDA, which directs CSEC “to acquire and use information from the global information infrastructure for the purpose of providing foreign intelligence, in accordance with Government of Canada [GC] intelligence priorities”
- the *Ministerial Directive on the* and
- a valid MA. Because the activities of each program that falls within these procedures may result in the interception of private communications, each program requires a discrete MA. An MA authorizes CSEC, to intercept private communications acquired through the class of activities described in the MA for that program. Private communications may be intercepted for the sole purpose of obtaining foreign intelligence in accordance with GC intelligence priorities.

**TOP SECRET//COMINT//Canadian Eyes Only
OPS-1-13**

Effective Date: 1 December 2010

s.15(1)
s.21(1)(a)
s.21(1)(b)

**1.7 Privacy
Protection
Measures**

All activities conducted pursuant to Mandate A must:

- a) not be directed at Canadians anywhere or any person in Canada, and
- b) be subject to measures to protect the privacy of Canadians in the use and retention of intercepted information.

**1.8 MA
Conditions and
Requirements**

In issuing an MA, the Minister of National Defence ("the Minister") requires that the following conditions be met:

- the interception will be directed at foreign entities located outside Canada
- the information to be obtained could not reasonably be obtained by other means
- the expected foreign intelligence value of the information that would be derived from the interception justifies it, and
- satisfactory measures are in place to protect the privacy of Canadians and to ensure that private communications will only be used or retained if they are essential to international affairs, defence or security.

The Minister also requires special handling of solicitor-client communications (see the related paragraph in OPS-1).

**1.9 Informing
the Minister**

Information Relating to Private Communications and Solicitor-Client Communications

The MAs in force for the SIGINT programs described in these procedures require that CSEC record and report to the Minister information relating to private communications and solicitor-client communications (see paragraph 7.1 for more information).

1. Introduction

1.1 Objective

As per paragraph 273.64(2)(b) of the *National Defence Act* (NDA), CSEC is required to take active measures to protect the privacy of Canadians in the performance of its mandated activities. These instructions provide guidelines to be followed in order to protect Canadian privacy-related information (CPRI) that is encountered in the conduct of day-to-day SIGINT activities. For the purposes of this CSOI, CPRI refers to private communications, communications of a Canadian abroad or information about Canadians or Canadian Identity Information (CII).

These instructions supplement the measures within the *Ministerial Directive on the Privacy of Canadians* and in OPS-1, *Protecting the Privacy of Canadians and Ensuring Legal Compliance in the Conduct of CSE Activities*.

These instructions focus on the physical and electronic handling measures for CPRI obtained through the conduct of SIGINT activities and used:

-

These instructions also provide guidance on the handling of information obtained through information disclosures made to CSEC by Government of Canada (GC) clients.

1.2 Authority

This CSEC SIGINT Operations Instruction is issued under the authority of the CSEC Deputy Chief, SIGINT (DCSIGINT).

1.3 Context

Given the complexity of the Global Information Infrastructure, CSEC will inevitably encounter CPRI while conducting its SIGINT activities. CSEC is committed to taking reasonable measures and implementing appropriate policies to protect the privacy of Canadians in the handling, retention, use and destruction of this material.

This CSOI shall be used in conjunction with the processes stipulated in CSEC's OPS documents. In the event of any discrepancies between this CSOI and the OPS documents, the OPS documents shall supersede this CSOI.

CPRI can only be retained for these reasons:

Measures to protect privacy are outlined in several operational policy (OPS) documents:

- OPS-1: *Protecting the Privacy of Canadians and Ensuring Legal Compliance in the Conduct of CSEC Activities*
 - within SIGINT repositories
 - Section 16 warrant (OPS-1)
 - obtaining senior management report release approvals
- OPS-1-1: *Procedures of t*
- OPS-1-7: *SIGINT. Procedures*
- OPS-1-10: *Operational Procedures for*
- OPS-1-11: *Retention Schedules for SIGINT Data*

6. Definitions

6.1 Associated Material

6.2 Canadian

“Canadian” refers to:

- a) a Canadian citizen;
- b) a person who has acquired the status of permanent resident under the *Immigration and Refugee Protection Act* and who has not subsequently lost that status under that *Act*; or
- c) a corporation incorporated under an Act of Parliament or of the legislature of a province.

“Canadian organizations” are also accorded the same protection as Canadian citizens and corporations.

A Canadian organization is an unincorporated association, such as a political party, a religious group, or an unincorporated business headquartered in Canada.

6.3 Canadian Identity Information (CII)

CII refers to information

* GC Institutions do not fall within this definition.

6.4 Canadian privacy-related Information (CPRI)

Canadian privacy-related information includes private communications, communications of a Canadian abroad or information about Canadians, Canadian corporations or Canadian organizations.
